COHESION Freight Worldwide

Message from Chairman

It has been remarkable that our company has grown from a small company more than 20 years ago to where we are today - "**COHESION Freight Worldwide**", a group companies that have been built on a solid foundation and that have gained the market recognition in the freight industry. Like the word "**COHESION**", our vision and our spirit is to bond our valued customers, partners and teammates together to create a win-win relationship and make the group companies the best in the freight industry, and an everlasting brand.

May we take this opportunity to thank all our valuable customers, carriers and business affiliates for their generous support over the past years. We will continually strive to achieve operational excellence and the highest quality in everything we do.

"**With COHESION - it's only a small world**" as we link people and businesses all over the world closer and closer.

David F.W. Chau
